DEPARTMENT,

SIR,

In submitting herewith the draft bye-laws framed by the minor municipal council of Narasimharajapur in accordance with para 31 of the rules issued with Government Notification No. R.6319/ML 81-19-6 dated the 28th November 1920, for the levy of Octroi duty on articles of consumption imported into the Municipality, I have the honour to request that Government may be pleased to accord their approval thereto. The original notice published in the town calling for suggestions or objections, and a copy of the resolution of the Municipal Council dated the 17th May 1921 passing the bye-laws are herewith enclosed. It is reported that no objections or suggestions were received in respect of them.

2 The rate of octroi duty now prevailing in the municipality, viz , four pies per rupee ad valorem, has been proposed to be levied in respect of piece goods, while, the rate prescribed in schedule IV of the Government Notification referred to above is only three pies. Ghee and other oils (besides kerosene) are at present liable to octroi duty at four annas and two annas respectively per maund, it is proposed

proposed by the Municipal Council to continue the levy in respect of these two kinds of articles. The proposals have been made apparently for the reason that the reduction of the duty in respect of piece goods and the omission to tax ghee and other oils will result in the fall of the revenue to an appreciable extent, and they deserve the consideration of Government.
